

Dr. Gary Stacey, Associate Director of NCSB, spoke at the USDA CSREES stakeholder's workshop in Washington, DC on November 20, 2007. Dr. Stacey gave remarks on behalf of the American Society for Plant Biologists in his capacity as chair of the public policy committee for this society. Dr. Stacey's remarks stressed the importance of basic plant research in providing the innovation for practical advances in US agriculture.

Pictured with Dr. Stacey are Anna Palmisano, Deputy Director, USDA National Research Initiative competitive grants program, and Liang-Shiou Lin, National Program Leader, USDA-NRI.
